Sherry,

I attempted to send a field citation closure letter to Trailside; however, the post office would not deliver it because I did not send it to the PO Box.

I drafted the following letter to send to the facility's PO Box. I was planning on attaching the original closure letter. Can you take a look at this letter? If there are any comments I will make those changes. Also can you sign this letter or do I need to have Gary sign this since he signed the original closure letter?

Thanks.
